

Installation Diagram v1.1
DMS, D2A, D2B: 5 wires (+1 optional)
D2C, D2C2: 9 wires (+1 optional)

IMPORTANT:

- **GND and 3V3 wires should be shorter than 1 inch (2.5 cm).**
- **Use 30 AWG wire for connections (or thicker for GND, 3V3)**
- **Verify the solidity of your installation before reassembling:**
Turn ON/OFF your console 5 times with a disc in and verify that the game is recognized every time.
- **Korean users must run DVD upgrade 1.1+ after installation**
